The National Honor Society is the front runner of organizations and recognizes outstanding accomplishments in the areas of scholarship, character, leadership and service. Members of our Chapter work to create enthusiasm for scholarship, to stimulate a desire for rendering service to our school, to promote worthy leadership and to encourage the development of character in all students at Lake Michigan Catholic High School. Each of these tenets must be accomplished and maintained while at school and in the community.

The benefits that come from being a member of the National Honor Society are significant. College admissions counselors often regard Honor Society membership as a valid indicator that the applicant will succeed at the post-secondary education level. The NHS member has already exhibited academic achievement, leadership-either overtly or silently-honorable and admirable character, as well as service that demonstrates that the member is willing to use talents and skills for the improvement of society. Employers also regard Honor Society membership as an indicator that their new hire will have the life and job skills to be successful in the workplace.

Deb Schmid, Counselor, Lake Michigan Catholic
