LEVEL B
PRACTICE SHEET 1
Algebra

Solve for n.

$$8n = 480$$

$$2n + 10 = 20$$

$$3n = 48$$

$$5n - 4 = 46$$

$$\frac{n}{5} = 20$$

$$2n + 3 = 19$$

$$7n - 10 = 18$$

$$5n + 5 = 40$$

$$n \div 4 = 12$$

$$6n + 3 = 21$$

$$4n + 4 = 20$$

$$7n - 2 = 19$$

$$6n = 36$$

$$5n + 4 = 9$$

$$10n - 3 = 17$$

$$3n - 5 = 46$$
