LEVEL B
PRACTICE SHEET 2
Algebra

Solve for n.

$$7n = 560$$

$$3n + 8 = 35$$

$$4n = 100$$

$$7n - 10 = 60$$

$$\frac{n}{4} = 9$$

$$2n + 4 = 20$$

$$7n - 5 = 51$$

$$4n + 6 = 38$$

$$n \div 5 = 20$$

$$5n + 4 = 19$$

$$3n + 6 = 30$$

$$6n - 3 = 9$$

$$8n = 640$$

$$4n + 3 = 23$$

$$9n - 9 = 99$$

$$3n - 2 = 70$$
